myPROzip laundry solutions

The Professional heart
for guest-operated leisure
and holiday facilities

Electrolux

Good reasons
to choose
myPROzip

We making your life easier with myPROzip

The new Smart Professional laundry solution for holiday accommodation and leisure facilities.

Just load, start and get fast return – myPROzip delivers great laundry results at the touch of a button.

Leisure time is precious – people on holiday want to relax and enjoy themselves without hindrances. This includes being able to quickly wash and dry their garments.

Ensure your guests get the most out of their trip with myPROzip. Whether you manage a campsite, holiday rental, youth hostel, marina or other leisure facility, your guests will love being able to freshen up their garments on the go – making them more likely to return in future. myPROzip combines durability with efficiency, saving you money and saving your guests time.

- ▶ **Up to 50% faster¹** with professional programs
- ▶ **3 times longer lifetime²** due to more durable construction with professional component
- ▶ **Great results every time**
thanks to the unique Electrolux **SpeedCare drum**
- ▶ **Warranty for professional applications**

We offering you peace of mind based on a Professional heart and a Green soul

High speed. Long life. High flexibility.

Thanks to their Professional heart,

myPROzip Washers and Dryers get the job done at the speed and quality you need – and just keep going.

- ▶ Time savings thanks to professional programs¹ and direct drain connection from condensed water tank²
- ▶ Works today, works in 10 years' time*:

We ♥ giving you
even more opportunities
for fast return

with Drying Cabinets –
the perfect complement
to myPROzip

Drying Cabinet TS 5121 –

this drying cabinet cannot be connected to alternative payment systems.

Gentle drying of all kinds of delicate garments isn't easy. And when it comes to protections in functional or waterproof outdoor clothing, boots and gloves, conventional drying has limitations because of the mechanical action.

Why not provide your customers and guests with a simple and efficient way to gently dry their clothing as part of your service?

Imagine their satisfaction as they put on their dry sport clothing, warm ski boots and gloves, or simply dry normal clothes after the rain.

► **Top-quality results and textile care**

thanks to gentle drying without mechanical action

► **Save time** Fast and gentle drying,

quicker and better than hang- or flat-drying

► **Incredibly user-friendly**

Easy-to-use control panel with automatic programs

► **Ultimate flexibility**

One Cabinet – endless opportunities.

Designed for sensitive garments, protective functional or outdoor clothing, and bulky items

Drying Cabinet TS560 –

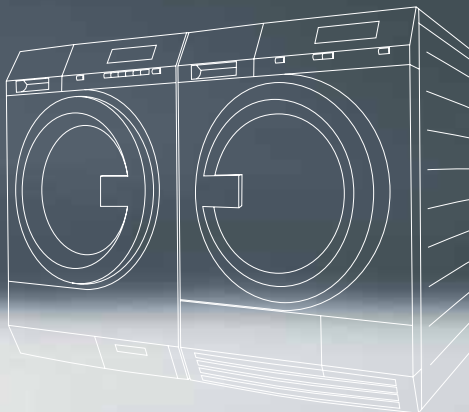

this drying cabinet can be connected to alternative payment systems.

myPRO

myPRO is designed for small operations that need laundry solutions stronger and faster than standard domestic appliances. Operations that require durable Washers and Dryers but have no need for an advanced professional solution. **myPRO is the Smart Professional solution that offers reliability, flexibility and superb quality results on a sensible budget.**
